(Blythe California))

PETITION FOR RULEMAKING

To the Chief, Allocations Branch

1 Linda A. Davidson ("Petitioner") respectfully requests the Commission initiate a rulemaking proceeding for the purposes of considering amending Section 73.202(b) of the Commission's rules. In support whereof the following is stated:

2 Petitioner proposes the Commission allot FM channel 239B to Blythe, California as its second commercial FM service. This would require amending section 73.202(b) of the Commission's rules as follows.

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Blythe, CA	262B	239B, 262B

3 Blythe is an Incorporated City located in Southern California. It is located in Riverside County. In 2000, the United States Census Bureau estimated Blythe had a population of 12,155 persons.

4 FM channel 239B can be assigned to Blythe in full compliance with the Commission's minimum distance separation requirements. This is illustrated in Table A below, which lists stations and assignments within 260 kilometers. Coordinates used are N 33:37:02, W 114:35:20 and are those listed in the FCC Database for Blythe, CA. Petitioner is confident she can find a suitable transmitter site for this allotment if it is assigned as proposed.

5 Petitioner, or an entity with which she is affiliated, intends to apply for a construction permit to activate channel 239B if it is assigned to Blythe as proposed. If her application is granted, she shall promptly construct and operate the proposed station.

6 Petitioner hereby verifies and affirms that the statements given in this petition for rulemaking are hers, and are accurate to the best of her knowledge.

Respectfully submitted,

Linda A. Davidson
